A Message From Family Promise

As Family Promise of Davie County celebrates its 7th year, we reflect on the meaningful impact we've had in our community. Since opening our doors, we have been dedicated to serving families facing housing crises by providing prevention services before families reach crisis, temporary shelter, transitional housing, and vital support throughout their journey.

At the heart of our success is the unwavering support of our community. From individuals volunteering their time to churches providing meals and businesses contributing financially, Family Promise is a true community effort. We would not be where we are today without the generosity and commitment of the Davie County community.

In 2024, we served our 1,000th child. 1,000 children in over 660 families have experienced the transformative power of our programs. We are proud to report that 94% of these families remain stably housed one year after receiving services. This remarkable statistic speaks to the effectiveness of our work and the lasting impact we have on the lives of those we serve.

We know that stable housing and supportive services can change the course of a child's life. At Family Promise, we believe a child's future begins at home and, with your support, we are giving them that essential foundation.

As we move forward in 2025, we are energized and determined to continue this critical work. Together, we will reach more families, provide more resources, and create brighter futures for the children and families who need it most.

On behalf of all the families we have served and will continue to serve, thank you for being part of this life-changing work.

Income

Expenses

Together we can
end homelessness
one family at a time.

- \$50** Covers two apartment application fees
- \$100** Provides families with supplies while in shelter
- \$250** Provides one week of shelter for all families
- \$500** Prevents homelessness for one family
- \$1,000** Provides one month of shelter for all families

Your support has
super powers:

stable housing changes the
trajectory of a child's life.
